

Irish Street Medicine Symposium

School of Medicine,
Trinity College Dublin
28 – 29 September 2018

Trinity College Dublin
Coláiste na Tríonóide, Baile Átha Cliath
The University of Dublin

Agenda

Dear Delegates,

On behalf of the organising committee we would like to welcome you to Trinity College Dublin for the 4th Irish Street Medicine Symposium.

The Symposium is an excellent opportunity to join a growing community of health and social care workers, academics, policy makers and planners working together to improve health outcomes for the most vulnerable in our society – homeless people, drug users, prisoners and migrants.

After 3 successful Symposiums where our community presented examples of innovative practice and research, this year's Symposium aims to facilitate people from different professions and perspectives to work together on solutions to reoccurring problems or to develop areas of practice. In this way participants will be actively engaged in contributing to solutions.

The Irish Street Medicine Symposium Team

DAY 1: Friday 28th September
